COBRA ATV WINDSHIELDS BY

COBRA ATV SHIELD

Our Cobra ATV shields are made from the same high quality optical grade polycarbonate as our snowmobile shields. They are so strong that you don't need to remove them when trailering your ATV (ATV must be facing forward).

COBRA II ATV SHIELD

No more fitment issues, only two options: headlight cut-out or no headlight cut-out. Universal two point mounting system, mounts between your controls and bar clamps on the downward part of 7/8" bars. Shields are made of high quality optical-grade polycarbonate featuring scratch resistant surface and distortion free optics. They are so strong that you don't need to remove them when trailering your ATV (ATV must be facing forward).

Note: Does not fit most Kawasaki Brute Force and Prairie - use 10453550. For Honda Rincon without a headlight use 10452015. Will not fit some Can - Am models.

POWERRISER 325 & 475

Introducing the new PowerRiser from PowerMadd. This one piece design offers superior strength at an unequaled price. The PowerRiser provides dual pivot points so you can position the riser front to back, while positioning your bars up and down for the perfect bar placement. The PowerRiser comes in two widths - 3.25" for snowmobiles as well as Can Am and Polaris ATVs, and 4.75" for ATVs and motorcycles. Both widths allow you to use standard 7/8" bars or oversize 1 1/8" bars.

POWERRISER 325

The PowerRiser 325 comes in a 2" rise and will work on most snowmobiles with no cable modification. Check your cable slack for use on ATVs. Note - One piece OE bar clamps will not work with the PowerRiser 325 - Replacement 7/8" bar clamps are required (PM15470)

- PM15420 2" Tall X 3.25" wide, 7/8" to 7/8" Bar **\$59.99**
 PM15421 2" Tall X 3.25" wide, 7/8" to 1 1/8" Bar **\$9.99**

POWERRISER 475

The PowerRiser 475 comes in two heights - 2" and 3". Both are available for standard 7/8" bars and oversize 1 1/8" bars.

- PM15430 2" Tall X 4.75" wide, 7/8" to 7/8" Bar **\$64.99**
 PM15431 2" Tall X 4.75" wide, 7/8" to 1 1/8" Bar **\$64.99**
 PM15432 3" Tall X 4.75" wide, 7/8" to 7/8" Bar **\$69.99**
 PM15433 3" Tall X 4.75" wide, 7/8" to 1 1/8" Bar **\$69.99**
 PM15440 2.25" Tall X 4.75" wide, 1 1/8" to 1 1/8" Bar **\$69.95**

UNIVERSAL BAR RISERS

Need a little bump in bar height? We've got just what you need. Our Universal Bar Riser raises 7/8" bars either 1" (25mm) or 1.6" (40mm). The unique design of these risers allows them to work on virtually any ATV, motorcycle - offroad and street - or snowmobile with 7/8" bars. Risers come with both metric and standard longer mounting bolts. Note - check your cable slack before purchase to determine how high you can raise your bars.

- PD15301 Universal 7/8" Bar Riser - 1" (25mm) **\$34.95**
 PD15302 Universal 7/8" Bar Riser - 1.6" (40mm) **\$39.95**

STAR SERIES HANDGUARD GAUNTLET

Keep your hands warm and dry no matter what the conditions. Designed to work with our Star Series handguards, these gauntlets keep out the cold, wind, rain, and mud and are great for snowmobiles, ATVs, and motorcycles. The unique "stay-open" design makes it easy to grab your bars and see your controls. The gauntlet extends your riding season and allows you to ride with thinner gloves, giving you a better feel. Sold in pairs.

- PM14258 Handguard Gauntlet **\$39.95**

UNIVERSAL OVERSIZE BAR ADAPTOR

The universal adaptor allows oversize (1 1/8") bars to be clamped to ATVs, motorcycles and snowmobiles. Also works on top of snowmobile pivot risers.

- PM14257 **\$39.95**

GRAB STRAP

Stay on with the Grab Strap! Whether you're side hilling in the mountains or in the ditches of the flat country, the new Grab Strap provides a flexible grab area where you need it. The molded rubber handle is easy to grip even when wet. The Grab Strap is strong too, utilizing a nylon web strap. Comes with universal mount kit for 7/8" handlebars

HANDLEBAR

Keep Your Hands Warm in Cold Weather Riding

Outside Diameter: 1.11"
External Length: 5.14"
Internal Length: 4.93"

HOT GRIPS ORIGINAL UNIVERSAL SNOWMOBILE

Can be installed on any snowmobile with 7/8" handlebars and 12 volt electrical system capable of powering a headlight. Original equipment dimensions. 8 - 15 watts. Manufacturer recommends epoxy installation only. (See JB Weld below).

HG101	BLACK HANDLE	\$48.75
HG106	RED HANDLE	48.75

REPLACEMENT PARTS		
HGS	EXTRA SWITCH	6.90
HGR	EXTRA RESISTOR	7.90
HGG	SINGLE REP. GRIP	25.95

DUAL-HEAT 3 WIRE GRIP

12 Volt "Original Equipment" direct replacement dual-heat integrated grip kit. Can be installed in place of any three wire-printed circuit heated grip on snowmobiles or ATVs. No resistor is used. BOTH high and low heating circuits are in each grip. 3 wire design: High, Low, Ground.

Outside Diameter: 1.11"
External Length: 5.14"
Internal Length: 4.93"

Hotter 12.5 watts on Low, 19.5 watts on High built into one grip at 13.6 volts. Wired in parallel, not in series as our previous snowmobile models had required. For any snowmobile or ATV with a 7/8" handlebar and a thumb throttle. Manufacturer recommends epoxy installation only. (See JB Weld below).

HG123 \$60.95

ATV HOT GRIPS SNOWMOBILE / ATV

Can be installed on any 3 or 4 wheeler ATV with 7/8" handlebars and a 12 volt system. Can also be used on snowmobiles. Larger external diameter than the Universal Snowmobile Model. Manufacturer recommends epoxy installation only. (See JB Weld below).

BLACK ONLY

HG222 Black \$50.75

Outside Diameter: 1.27"
External Length: 5.14"
Internal Length: 4.90"

LARGE FLANGE GRIP MOTORCYCLE / ATV

Can be installed on motorcycles with .875" handlebars or ATVs with .875" or 1" handlebars. Supplied with 2 bushings for the .875" diameter applications. Manufacturer recommends epoxy installation only. (See JB Weld below).

HG501 Black \$26.95

Outside Diameter: 1.27"
External Length: 5.20"
Internal Length: 4.86"

POLLY GRIP HEATERS

This handlebar heater, that fits over the handlebar, is far superior to any other outside grip on the market. It may be fastened with sheet metal screws for easy removal. Unlike all other heater grips, the Polly Heaters are molded onto a metal tube which is then fastened to the handlebar. Has a double-wound heating coil which makes it a high/low heater with no external resistors. It has a current draw of 30 watts on the high setting and 20 watts on a low at 12 volts. It can be used on all machines having a 7/8" O. D. handlebar, including ATV's.

GRIP STYLE HEATERS

PH100 \$32.95

POLLY HANDLEBAR HEATERS CARTRIDGE TYPE HEATERS

Hot Hands are now offered in 2 styles, STD with an ON/OFF switch and our deluxe model with a switch that offers an OFF-LOW-HIGH range. Quick installation on most machines in minutes. Heaters work off the same power as headlights. The new heating cartridge is 4-1/2" long to cover the entire handle grip. Units draw 28 watts and 2.4 amps on low range and 56 watts and 4.8 amps on high range. NOTE: The lighting coil in the engine must be 75 watts or more. Not recommended for use on Polaris machines with dual headlamps.

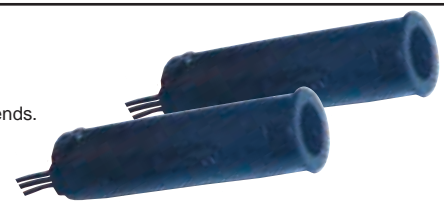

STD MODEL 2 WAY SWITCH: ON-OFF
PH300 \$20.95 SET

DELUXE MODEL 3 WAY SWITCH: OFF-LOW-HIGH
PH200 \$31.95 SET

POLLY HEATED GRIPS

Open ends for attachments such as bar ends.

PH125 \$32.95

HANDLEBAR MOUNT SWITCH HOUSING

Stainless steel hardware, allen wrench, and bushings to fit 7/8" or 1" bars.

HG910 \$18.95

JB WELD

Repairs, fills, and bonds just about any material.

SLP CUSTOM CUSHION GRIPS

SLP Custom Cushion Grips are specially formulated for snowmobile use. Made of a special PVC vinyl closed cell foam for maximum durability and vibration absorption. Their vibration absorption characteristics provide a more comfortable ride with less arm pump and fatigue. They provide a secure gripping surface wet or dry, cold or hot. This specially formulated closed cell foam is non absorbent, thus dirt and oils transferred onto the surface from one's hand or glove can easily be washed away. Available in Black only, sold by pair.

SP32431
\$8.95 pr

SLP ANTI SLIP GRIPS

These grips won't interfere with snowmobile lever functions. They are supplied in tube style so hooks can be used on bar ends or bar ends can be blocked off with the optional plug. 7/8".

MULTI PLO TOURING / ENDURO / RACE HANDGUARD

The new Multi plo handguard is extremely resistant thanks to special hardening treatment used for the aluminum. Due to the curved aluminum bar design, it is possible to make a quick lateral hand release from the grip bar in case of an emergency. Available in 3 various sizes to fit your riding needs; Touring, Enduro and Race, all of which use the same resistant curved aluminum bar for mounting. The Race is designed to fit "street" position levers. Plastic part on the Touring and Enduro can be replaced, available as a spare part. Mount sold separately.

PowerMadd continues to lead the industry in hand protection with its PowerX™ Series Handguard. This new handguard is lighter and 20% smaller than the current Star Series Handguard and is designed for motocross, ATV, mini-MXC and ATV riders.

The PowerX™ Guard and FlexMount universal mounting system were engineered to work together to dissipate and absorb impact. This allows the guard to provide protection while at the same time providing a more durable, longer lasting handguard.

The PowerX™ Series Handguard comes with PowerMadd's unprecedented 1 year "No Questions Asked" warranty! For the first year of use PowerMadd will replace the handguard or mounting bracket for any reason, no questions asked.

This guard addresses all the key issues MX riders are looking for - protection, quick installation or removal, and the ability to endure crashes. The PowerX™ Series Handguards come in seven basic colors and sold with the Universal Flexmount™.
